

STEM Family Night!
Pre-K- Grade 4
(Science, Technology, Engineering, Math)

Celebrate the One School One Book Program -
There's an Owl in the Shower

Come do fun science as a family with students from Dexter Regional High School and other community members. Learn how to build a rocket, plant something, explore chemistry, “program” your parents, construct owl ears, and other hands on activities.

There will be over 20 activity stations!

Students will be coming home next week with something special that they should bring back with them to the event. Door prizes and other goodies to take home!

Thursday, May 17th 2018
5:00 pm to 7:00 pm
Ridge View Community School
(Parents/guardians must stay with their children for the evening)

One School One Book family nights, materials and books provided through the ESSA Title IA and Title IVA Federal Funds
